Brothers and Sisters:

On this website you will find a link to a "document" dated September 12, 2008 as well as some attached contract language. The reason I am referring to it as a "document" is as of this date PSCOA has not received a fully executed award. However, it appears the Commonwealth was unwilling to wait for a final award and issued a summary of the provisions of the September 12 document.

As your President I have written to Arbitrator Michael Zobrak and expressed my displeasure as to the issuance of a partially executed award. However, I felt it necessary to keep the membership advised as we always do, as to matters that affect all of us.

Therefore, I have attached everything that we have received for your review. As soon as the award is fully executed we will then have further information as to what actions we will take on your behalf.

Fraternally,

Donald G. McNany, President

Officers Association
